# 9 BASIC AND DILUTED (LOSS)/EARNINGS PER SHARE

#### **Basic**

Basic (loss)/earnings per share is calculated by dividing the (loss)/profit attributable to owners of the Company by the weighted average number of ordinary shares in issue less shares held under the Share Award Plan during the years ended 31 March 2023 and 2022.

The weighted average number of shares in issue for the year ended 31 March 2022 for the purpose of earnings per share computation has been retrospectively adjusted for the effect of the 374,993,633.68 shares issued under the capitalisation issue on 18 February 2022.

	Year ended 31 March	
	2023	2022
(Loss)/profit attributable to owners of the Company during		
the year (HK\$'000)	(3,191)	13,491
Weighted average number of ordinary shares in issue less shares		
held under the Share Award Plan	522,404,554	390,270,986
Basic (loss)/earnings per share (expressed in HK cents per share)	(0.6)	3.5

#### **Diluted**

No adjustment has been made to the basic loss per share amount presented for the year ended 31 March 2023 in respect of a dilution as the impact of the potential ordinary shares on exercise of share options had an anti-dilutive effect on the basic loss per share amount presented.

The calculation of the diluted earnings per share amount for the year ended 31 March 2022 is based on the profit for the year attributable to owners of the Company. The weighted average number of ordinary shares used in the calculation is the number of ordinary shares in issue during the year, as used in the basic earnings per share calculation, and the weighted average number of ordinary shares assumed to have been issued at no consideration on the deemed conversion of all dilutive potential ordinary shares into ordinary shares.

	Year ended 31 March
	2022
Profit attributable to owners of the Company during the year (HK\$'000)	13,491
Weighted average number of ordinary shares in issue	390,270,986

#### 10 TRADE RECEIVABLES

As at 31 March 2023 and 2022, the carrying amounts of trade receivables approximated to their fair values and are denominated in HK\$.

The ageing analysis of the trade receivables as at the end of reporting period, based on invoice date and net of loss allowance is as follows:

	As at 31 March	
	2023	2022
	HK\$'000	HK\$'000
0-30 days	1,152	791
31–60 days	505	191
61–90 days	91	32
Over 90 days	212	91
	1,960	1,105

The Group applies the simplified approach permitted by HKFRS 9 to measure expected credit losses which uses a lifetime expected loss allowance for all trade receivables. As at 31 March 2023 and 2022, the Group has assessed that the expected loss allowance for trade receivables was immaterial. Thus no loss allowance provision for trade receivables was recognised during the years ended 31 March 2023 and 2022.

The maximum exposure to credit risk at the reporting date is the carrying value of the trade receivables mentioned above. The Group does not hold any collateral as security.

## 13 EVENT AFTER REPORTING PERIOD

The Group adopted a share option scheme on 26 January 2022 to provide incentives and rewards to eligible participants, including selected employees, for their contributions to the Group and to align the corporate objectives and interests between the Group and its key talents. On 27 June 2023, the Board has resolved to terminate the share option scheme with immediate effect.

#### MANAGEMENT DISCUSSION AND ANALYSIS

The Group is principally engaged in the provision of private ophthalmic healthcare services in Hong Kong. Despite the negative impacts on the economy of Hong Kong caused by COVID-19 pandemic and increased competition from other industry players, the Group is committed to maintaining proactive business development in Hong Kong since the Company was listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

In July 2022, the Group entered into a tenancy agreement with an independent third party for a term of three years to expand the scale of its existing medical centre located at Wai Fung Plaza, Mong Kok (the "New Mong Kok Centre"). The New Mong Kok Centre has a gross floor area of approximately 5,966 sq.ft. which shall mainly focus on the provision of refractive treatment services and other treatment services. The New Mong Kok Centre together with the existing medical centre at Wai Fung Plaza will provide a better environment and experience for the Group's customer. The New Mong Kok Centre commenced operations since the end of 2022.

Furthermore, on 29 August 2022, the Group entered into another tenancy agreement with an independent third party for a term of three years to establish a new medical centre in Tsim Sha Tsui for the provision of a full range of ophthalmic consultation and examination services and treatment services (the "New Tsim Sha Tsui Centre"). The New Tsim Sha Tsui Centre is located at The ONE, a premium shopping mall in Hong Kong, and has a gross floor area of approximately 13,674 sq.ft.. The Group expects the New Tsim Sha Tsui Centre will commence operations in early July 2023.

The expansion of the New Mong Kok Centre together with the establishment of the New Tsim Sha Tsui Centre will increase the gross floor area of the medical centres of the Group from approximately 16,936 sq. ft. to approximately 36,576 sq. ft.. We believe the expansion and the establishment of the new medical centres will strengthen our service networks in Hong Kong and further solidifies our leading position in the ophthalmology sector in Hong Kong.

## **REVENUE OVERVIEWS**

We generate revenue from the provision of private ophthalmic services in Hong Kong, including refractive treatments, treatments for other eye problems, consultation and examination services, and sales of prescriptions and others. The table below sets out (i) the breakdown of revenue by the types of treatments and services and their respective percentage of revenue; (ii) number of refractive treatment by types conducted; and (iii) average prices of the refractive treatment services during the years ended 31 March 2023 and 2022 respectively.

## REFRACTIVE TREATMENT

Refractive treatments were our largest source of revenue during the year, representing approximately 64.4% of our revenue during the year ended 31 March 2023. Refractive treatments include SMILE surgery, LASIK surgery, multifocal IOL replacement and ICL implantation. SMILE is a refractive surgery that uses femtosecond laser to carve a refractive lenticule within the cornea and remove it through a small incision. LASIK is a surgery that uses surgical blade and excimer laser to correct myopia, hyperopia and/or astigmatism by modifying the curvature of cornea. Multifocal IOL replacement is a procedure that corrects cataract and/or other refractive errors by extracting lens from the eye, followed by the replacement of multifocal IOL. ICL implantation is a surgery which places intraocular contact lens in front of the natural lens to correct myopia, hyperopia and astigmatism.

Our revenue generated from refractive treatments decreased by approximately HK\$14.8 million, or 9.7%, from approximately HK\$152.6 million for the year ended 31 March 2022 to approximately HK\$137.8 million for the year ended 31 March 2023. The decrease in revenue from refractive treatments was mainly due to a decline in revenue generated from multifocal IOL replacements, which decreased from approximately HK\$50.7 million for the year ended 31 March 2022 to approximately HK\$40.3 million for the year ended 31 March 2023. This decline in revenue was due to a decrease in the number of treatments conducted during the year.

In addition, the revenue generated from ICL implantations also decreased from approximately HK\$11.1 million for the year ended 31 March 2022 to approximately HK\$7.2 million for the year ended 31 March 2023, which was also a result of a decrease in the number of treatments conducted during the year.

#### TREATMENT FOR OTHER EYE PROBLEMS

Treatment for other eye problems include standard cataract surgery, laser procedure, PPV surgery, and other treatments and surgeries. Revenue generated from these treatments for the years ended 31 March 2022 and 2023 amounted to approximately HK\$55.1 million and HK\$58.4 million, respectively. This represented approximately 24.4% and 27.4% of our total revenue for the respective years. The revenue from treatment for other eye problems increased by approximately HK\$3.3 million or 6.0% from approximately HK\$55.1 million for the year ended 31 March 2022, to approximately HK\$58.4 million for the year ended 31 March 2023. The increase was primarily due to the higher revenue recorded for standard cataract surgeries, which rose by approximately HK\$8.1 million. This increase offset the decreases in revenue generated by laser procedures and PPV surgeries, which decreased by approximately HK\$2.5 million and HK\$1.9 million, respectively, compared to the year ended 31 March 2022.

# CONSULTATION AND EXAMINATION SERVICES

Consultation and examination services mainly include assessments of eye conditions, such as visual acuity, refraction, anterior segment examination, fundal examination and intraocular pressure measurement. Our revenue generated from consultation and examination services slightly increased by approximately HK\$0.1 million or 1% from approximately HK\$10.2 million for the year ended 31 March 2022 to approximately HK\$10.3 million for the year ended 31 March 2023.

# SALES OF PRESCRIPTIONS AND OTHERS

Sales of prescriptions and others are mainly sales of medication prescribed by our Medical Practitioners to our patients following diagnosis after consultation and examination or treatment services. For the years ended 31 March 2022 and 2023, our revenue generated from sales of prescriptions and others was approximately HK\$7.4 million and HK\$7.3 million, representing approximately 3.3% and 3.4% of our revenue, respectively. The fluctuation in revenue generated from sales of prescriptions and others was generally in line with the overall revenue generated from consultation and examination services provided during the year.

## OTHER INCOME, NET

Our net other income for the year ended 31 March 2023, mainly consisted of (i) interest income from bank deposits of approximately HK\$3.9 million and (ii) government subsidies of approximately HK\$2.3 million under the employment support scheme of the Government's anti-epidemic fund. Our net other income for the year ended 31 March 2023, increased by approximately HK\$4.6 million, or 270.6%, compared to the year ended 31 March 2022. The increase was mainly due to the absence of government subsidies under the employment support scheme during the year ended 31 March 2022, and an increase in interest income from bank deposits resulting from an increase in the bank balance during the year ended 31 March 2023.

## **INVENTORIES USED**

Inventories used mainly represent the costs of medical device licences, IOLs and drugs and dispensary supplies. Our medical device licences are procedure packs, which comprised of medical consumables required for the operation of our medical devices. The procedure packs enable our medical practitioners to perform treatments and surgeries using the respective medical devices. IOLs primarily consist of intraocular lens used in treatments and surgeries. Our drugs and dispensary supplies are drugs prescribed by our medical practitioners to our patients following diagnosis after consultation and supplies are materials used during surgeries. For the years ended 31 March 2022 and 2023, the inventories used amounted to approximately HK\$38.5 million and HK\$37.5 million, representing approximately 17.1% and 17.5% of our revenue, respectively. The percentage of inventories used as compared to revenue remained relatively stable, and fluctuations in inventories used were generally in line with the decrease in the number of treatments conducted during the year.

# **CONSULTANCY FEES**

Consultancy fees represent professional fees paid to our medical practitioners, and consist of a fixed fees and/or a variable amount based on, among others, the revenue generated by the respective Medical Practitioners, net of the relevant costs. For the years ended 31 March 2022 and 2023, consultancy fees amounted to approximately HK\$63.0 million and HK\$74.8 million, representing approximately 28.0% and 35.0% of our total revenue, respectively. The increase in consultancy fees paid to the medical practitioners during the year was a result of the increase in the number of medical practitioners from 11 as of 31 March 2022 to 13 as of 31 March 2023.

#### EMPLOYEE BENEFIT EXPENSES

Our employee benefit expenses include wages, salaries, pension scheme contributions and other related expenses for our staff. For the years ended 31 March 2022 and 2023, our employee benefit expenses amounted to approximately HK\$42.0 million and HK\$52.6 million, representing approximately 18.7% and 24.6% of our revenue, respectively. The increase in employee benefit expenses during the year was mainly due to an increase in the number of employees from 99 as of 31 March 2022, to 123 as of 31 March 2023, to cope with the expansion needs of the Group.

## **DEPRECIATION OF RIGHT-OF-USE ASSETS**

Depreciation expenses for right-of-use assets mainly comprise depreciation expenses for leased equipment and properties. For the years ended 31 March 2022 and 2023, our depreciation expenses for right-of-use assets amounted to approximately HK\$14.4 million and HK\$18.7 million, representing approximately 6.4% and 8.7% of our revenue, respectively. We recorded an increase of depreciation of right-of-use assets during the year as due to our additional leased properties in Mong Kok and Tsim Sha Tsui a result of our expansion of our medical centre network during the year ended 31 March 2023.

# EXPENSES INCURRED IN CONNECTION WITH THE LISTING

The Company has been listed on the Stock Exchange since 18 February 2022. In relation to the Listing, listing expenses of approximately HK\$17.4 million were charged to the Group's consolidated statement of comprehensive income during the year ended 31 March 2022. No such expenses were incurred during the year ended 31 March 2023.

#### OTHER EXPENSES

Other expenses mainly comprise other general and administration expenses, management fees, business development expenses and bank charges. For the years ended 31 March 2022 and 2023, other expenses were approximately HK\$24.2 million and HK\$31.8 million, representing approximately 10.7% and 14.9% of our revenue, respectively. The table below sets forth the breakdown of other expenses for the years ended 31 March 2022 and 2023 respectively:

	For the year ended 31 March		
	2023	2022	
	HK\$'000	HK\$'000	
Business development	7,497	6,033	
Repair and maintenance	3,026	2,514	
Professional fees	5,295	1,098	
Auditor's remuneration			
— Audit services	950	1,000	
— Non-audit services	300	53	
Bank charges	5,552	6,190	
Other general and administrative expenses	9,137	7,277	
Other expenses	31,757	24,165	

Our business development expenses include the cost of organizing educational talks on eye care, as well as the related costs of printing leaflets and designing a website. The business development expenses increased by approximately HK\$1.5 million or 25.0% from approximately HK\$6.0 million for the year ended 31 March 2022, to approximately HK\$7.5 million for the year ended 31 March 2023. This increase reflects our Group's efforts to build our brand, particularly in relation to the expansion of our existing medical centre in Mong Kok and the development of a new medical centre in Tsim Sha Tsui.

Professional fees mainly comprise fees paid to various professional parties, including legal counsels, compliance advisor, internal auditor, share registry, and a professional investor relations firm. These fees increased by approximately HK\$4.2 million or 381.8% from approximately HK\$1.1 million for the year ended 31 March 2022, to approximately HK\$5.3 million for the year ended 31 March 2023. The Group incurred higher professional fees following its Listing on 18 February 2022.

Bank charges are expenses related to credit card transfers. For the years ended 31 March 2022 and 2023, our bank charges amounted to approximately HK\$6.2 million and HK\$5.6 million, respectively.

Other general and administrative expenses mainly includes, but not limited to, utilities charges, insurance payments and other telecommunication charges. For the years ended 31 March 2022 and 2023, our other general and administrative expenses amounted to approximately HK\$7.3 million and HK\$9.1 million, respectively.

#### FINANCE COSTS

Finance costs mainly comprise interest expenses on lease liabilities. These costs increased by approximately HK\$0.7 million, or 87.5%, from approximately HK\$0.8 million for the year ended 31 March 2022, to approximately HK\$1.5 million for the year ended 31 March 2023. This increase was primarily due to higher interest expenses on lease liabilities resulting from the increase in rental fees for our leased properties in Mong Kok and Tsim Sha Tsui. This increase in rental fees was driven by the expansion of our medical space.

#### **INCOME TAX EXPENSES**

We recognised taxation for profit at the rate of 16.5% in Hong Kong with reference to the estimated assessable profits during the year. For the years ended 31 March 2022 and 2023, our income tax expenses amounted to approximately HK\$5.6 million and HK\$0.3 million, our effective tax rates for the year ended 31 March 2022 was 29.2% (2023: not applicable). Our effective tax rate for the year ended 31 March 2022 was higher than Hong Kong's statutory corporate tax rate mainly due to certain non-deductible expenses incurred by our Group during the respective period. These expenses mainly comprised listing expenses incurred in preparation for the listing. The decrease in income tax expenses was primarily due to the decrease in profit recognised during the year, as the Group recorded a loss before tax of approximately HK\$2.9 million for the year ended 31 March 2023.

# (LOSS)/PROFIT FOR THE YEAR

As a result of the foregoing, the Group recorded a loss of approximately HK\$3.2 million for the year ended 31 March 2023, compared to a profit after tax of HK\$13.5 million for the year ended 31 March 2022.

Excluding the effect of Listing expenses incurred during the year ended 31 March 2022, the Group recorded an adjusted profit after tax of HK\$30.9 million for the year ended 31 March 2022, as compared to a loss of approximately HK\$3.2 million for the year ended 31 March 2023.

## CAPITAL EXPENDITURE AND COMMITMENTS

For the years ended 31 March 2022 and 2023, the Group incurred capital expenditures of approximately HK\$0.2 million and HK\$22.4 million, respectively, primarily due to the purchase of equipment and leasehold improvements for our medical centres and the expansion of our medical centres network.

As at 31 March 2023, capital expenditure contracted for but not yet recognised amounted to approximately HK\$36.0 million which mainly represents capital expenditure commitments for the establishment of the New Mong Kok Centre and New Tsim Sha Tsui Centre (2022: Nil).

#### **GEARING RATIO**

As at 31 March 2023, the gearing ratio, which is calculated as net debt divided by total capital, is not applicable due to net cash position (2022: not applicable).

## **CONTINGENT LIABILITIES**

The Group had no material contingent liability as at 31 March 2023.

#### PLEDGE OF ASSETS

The Group had not pledged any assets as at 31 March 2023.

# FINANCIAL INSTRUMENTS

Our major financial instruments include trade receivables, deposits and other receivables, cash and cash equivalents, lease liabilities, trade payables, accruals and other payables. Our management manages such exposure to ensure appropriate measures are implemented on a timely and effective manner.

# QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT FINANCIAL RISKS

# **Exposure to Fluctuation in Exchange Rates**

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities which are denominated in a currency that is not our functional currency. We mainly operates in Hong Kong with the majority of the transactions settled in HK\$. We closely monitor and manage foreign exchange risk exposures to ensure the exposures do not have significant impact on the operation of the Group. As the Group does not have any significant transactions, assets or liabilities which are settled in currencies other than HK\$ during the years ended 31 March 2022 and 2023, our income and operating cash flows are substantially independent of changes in market foreign exchange rate. We have not used any derivative financial instrument to hedge against our exposure to foreign exchange risk but will closely monitor such risk on an ongoing basis.

#### Cash Flow and Fair Value Interest Rate Risk

The Group's income and operating cash flows are substantially independent of changes in market interest rates. We do not anticipate significant impact resulted from the reasonable possible change in interest rates.

The Group's fair value interest rate risk mainly arises from lease liabilities at fixed interest rates.

## Credit Risk

Our credit risk mainly arises from trade receivables, deposits and other receivables, amount due from a related party and cash and bank balances. Our maximum exposure to credit risk is the carrying amounts of these financial assets.

The credit risk of cash and bank balances are limited because they are deposited in medium or large listed banks. We do not expect that there will be any significant losses from non-performance of these counterparties.

We have assessed that the expected loss rate for trade receivables was immaterial during the year ended 31 March 2023. We have a highly diversified source of patients, without any single patient contributing to revenue in a material way. We also have procedures in place to ensure that follow-up action is taken to recover overdue debts. Our management determines the expected credit losses on trade receivables based on Group's historical observed default rates, existing market conditions as well as forward-looking estimates at the end of the reporting period. Our management reviews patients' billing and payment status at the end of each reporting period to ensure that adequate impairment losses are made for irrecoverable amount. In addition, we have appropriate measures in place to ensure credit sales made to customers with an appropriate credit history. During the year ended 31 March 2023, we had not identified specific concentrations of credit risk related to trade receivables, as the amounts recognised mainly represent receivables from credit card companies due to a large number of customers who choose to pay by credit card.

# LIQUIDITY RISK

We adopt prudent liquidity risk management by maintaining sufficient cash balances to meet our financial commitments when they become due. Accordingly, we believe that we do not have significant liquidity risk.

#### CAPITAL RISK MANAGEMENT

Our capital structure consists of shareholders' equity. In order to maintain or adjust our capital structure, we may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets. We monitor capital on the basis of the gearing ratio. The gearing ratio is calculated as net debt divided by total equity. The net debt includes the total borrowings including lease liabilities less cash and cash equivalents. As of 31 March 2022 and 2023, we maintained at net cash position.

#### EMPLOYEES AND REMUNERATION POLICIES

As at 31 March 2023, the Group employed a total of 123 employees (2022: 99). The Group ensures that its remuneration packages are comprehensive and competitive from time to time. When determining the emolument payable to the Directors (including the executive Directors), we take into account the experience of the Directors, their level of responsibility and general market conditions. Any discretionary bonus and other merit payments of the Directors are linked to the profit performance of the Group and the individual performance of the Directors. Employees are remunerated with a fixed monthly income plus annual discretionary performance-related bonus.

The Group adopted a share option scheme (the "Share Option Scheme") on 26 January 2022 and a share award plan (the "Share Award Plan") on 23 November 2022. These schemes were established to provide incentives and rewards to eligible participants, including selected employees, for their contributions to the Group and to align the corporate objectives and interests between the Group and its key talents. On 27 June 2023, the Board has resolved to terminate the Share Option Scheme with immediate effect. Please refer to the section headed "(II) Termination of Share Option Scheme" in this announcement for details. Details of the Share Award Plan will be set out in the Directors' Report contained in the Company's 2023 annual report to be issued in due course. The Group also sponsors selected employees to attend external training courses that suit the needs of the Group's business. We believe that investing in our employees' development and skills not only benefits them personally but also enhances the Group's overall capabilities and competitiveness.
